How it Works:

A single bottle, a six pack or a dozen. You're free to mix between any of the below wines - and in a mixed six pack, you'll get the six pack pricing for all the bottles in the case. Order in a dozen you'll get dozen pricing on all the bottles in the case. Stocks are limited - with some wines only having a few dozen available - but we'll be adding more wines over the coming weeks.
